Daljinska pohodniška pot »JULIANA TRAIL«

Pohodniška pot JULIANA TRAIL je krožna daljinska pohodniška pot, dolga 270 km, razdeljena na 16 dnevnih etap po 17–20 km. Pot omogoča obhod gorovja Julijske Alpe po urbanih dolinah in samotnih planotah, čez prelaze, po skritih stezicah redko poseljenih krajev, skozi večje turistične centre na obrobju gorovja. Na večini etap lahko opazujemo najvišjo slovensko goro Triglav, z vseh strani in vseskozi pa bomo občudovali ter čutili utrip in pomen Triglavskega narodnega parka.

Preko jeseniškega območja vodita etapi 2 in 3 postankom na Jesenicah. Etapa 2 vodi iz Mojstrane preko sredgorja Karavank na Jesenice, etapa 3 pa z Jesenic nadaljuje proti Žirovnici in Begunjam.

Long-distance hiking trail »JULIANA TRAIL«
JULIANA TRAIL is a 270 km circular long-distance trail around the Julian Alps. It is divided into 16 daily stages, each 17-20 km long. The trail leads around the Julian Alps mountain ridge, through urban valleys and secluded plateaus, over mountain passes, along hidden paths of rural areas, and through bigger touristic centres near the mountains. The trail offers views of Slovenia's highest mountain, Triglav, from nearly all stages and directions, and enables visitors to really experience nature and understand the significance of Triglav National Park.

Stages 2 and 3 take visitors through the Jesenice area and include a stop in Jesenice. Stage 2 runs from Mojstrana over the lower-lying Karavanke Alps to Jesenice, and stage 3 continues from Jesenice towards Žirovnica and Begunje.

Slovenska planinska pot

Slovenska planinska pot se prične v Mariboru in poteka čez Pohorje in se preko Kamniško-Savinjskih Alp, Karavank, Julijskih Alp ter predalpskih hribovji spusti na Kras ter se konča ob Jadranskem morju. Označena je s splošno oznako planinskih poti v Sloveniji – s Knafelečvo markacijo (rdeč krog z belo piko) in dodano številko 1. Je najdaljša in najbolj priljubljena vezna pot v Sloveniji ter ena najstarejših v Evropi in na svetu, nastala je že leta 1953. Na poti je trenutno 80 kontrolnih točk (planinske koč, vrhovi, muzeji).

Slovenska planinska pot jeseniško območje preči po grebenu Karavank od Stola do kontrolne točke na Koči na Golici in svojo pot nadaljuje v dolino do Slovenskega planinskega muzeja v Mojstrani.

The Slovenian Mountain Trail

The Slovenian Mountain Trail starts in Maribor, and runs across Pohorje and the Kamnik and Savinja Alps, the Karavanke Alps, the Julian Alps and the Slovenian Alpine foothills, then descends through the Karst region and finally finishes by the Adriatic Sea. The route is marked with traditional "Knafeleč" hiking trail markings (a red circle with a white spot), each marked with a number "1" to differentiate it from other trails. It is the longest and the most popular transversal hiking trail in Slovenia, and originating in 1953, it is one of oldest in Europe and the world. There are currently 80 check points along the trail (mountain huts, summits, museums, etc).

The Slovenian Mountain Trail travels through the Jesenice area along the ridge of the Karavanke Alps from Stol to the check point at the Koča na Golici mountain hut, and then descends into the valley to the Slovenian Alpine Museum in Mojstrana.
